

CHLOR 5

BLEACH (5% AVAILABLE CHLORINE)

- **Economical - a little goes a long way**
- **Powerful - kills a wide range of pathogenic bacteria**
- **Versatile product**

USES

A concentrated bleach solution that kills a wide range of pathogenic bacteria.

A pale yellow liquid with a characteristic odour, Chlor 5 whitens soiled and stained fabrics.

Suitable for use to clean and disinfect drains, floors, lavatories, waste pipes and other areas that need a powerful disinfectant.

DIRECTIONS

CHLOR 5 should be handled with care, as splashes can cause damage to some floors and fabrics.

CHLOR 5 must never be mixed with other chemicals.

Use biocides safely. Always read the label and product information before use.
